

Departmental Events- 2015-2016

1. **Poster making and up cycling of waste material for decorative items competition: (14-03-2016)**- A “poster making and up-cycling of waste material for decorative items” competition was organised by the **Department of Environmental Science** on 14th March 2016 at Sri Aurobindo College. The themes of the above competition were “**Save Water**” and “**Save Forest**”. Students from all the disciplines showed interest and participated actively.
2. **Rang De Organic- (21st March, 2016)** “*Rang De Organic*” was an event organised on 21st March, 2016 on the eve of **Holi festival** and the **World Water Day** (i.e. 22nd March) at the college premises. The event received mass appreciation as it recorded a huge participation from students. They demonstrated the ways to create **natural colors** and a good number of posters on ‘**save water**’ themes were displayed. The centre of attraction of the event was a huge poster made by the students wherein the side effects of the use of synthetic Holi colors on vegetation, environment and human beings were depicted. The students also prepared **paper bags** on their own to give away the self-made natural colors to the faculties. It also helped in creating awareness amongst the fellow students by highlighting the current situation of water crisis and pledging them to play dry holi with organic colors.
3. **A two day National Seminar- (29th-30th March, 2016)**- Dept. Of Environmental Science in collaboration with the Dept. Of Chemistry and Economics organised a National seminar entitled, “Emerging Economics and Challenges to Sustainability towards Developing Nations” on 29th-30th March, funded by Indian Council of Social Sciences Research (ICSSR).
