

Achievements and Activities for the session, 2022-23

"Sikke ke do pehlu " our street play production for 2022-23 , focuses on Brain Drain and how it is affecting our nation .

Looking up at the sky is undeniably fascinating. Though, instead of being the master of the heavens, the mere act of ascending is enough. The narrative of the journey isn't fully conveyed by wins or losses. What truly matters is savoring the highs and lows alongside friends, while embracing the spectrum of experiences with them.
