

Key Activities of Sage (2023-2024):

The 2023–2024 academic year featured several notable initiatives by Sage that enhanced both campus engagement and institutional recognition.

Echoes of Eloquence, organized in collaboration with **IQAC and the G20 Cultural Council**, emerged as our flagship pan-India speech competition. The event drew participants nationwide and significantly elevated the college's academic profile.

During **Mehak '24**, Sage contributed three debate formats: a Conventional Debate on current affairs, a Turncoat Debate testing adaptability, and "Improv Impulse"—an extempore challenge for spontaneous thinking.

Our member development focused on structured mentorship programs pairing experienced debaters with newcomers, alongside regular workshops and mock sessions. This resulted in strong performances by Sage members across external competitions throughout the year.
