

Key Activities of Sage (2024-2025):

The 2024–2025 session proved highly successful for Sage, with members achieving over 30 distinctions across various debating platforms under strong faculty support and committed student leadership.

Our event calendar strengthened the society's culture of meaningful dialogue through several key initiatives:

September 18, 2024 – A debate on student elections and party politics encouraged critical examination of political influence in campus governance.

November 22, 2024 – Our annual orientation welcomed new members through interactive sessions introducing them to both Sage and the broader DU debating circuit.

November 26, 2024 – An intra-society Constitution Day debate explored Ambedkar's vision of a living constitution, connecting historical perspectives with contemporary relevance.

February 28, 2025 – Collaborating with Paakhi (Women Empowerment Cell), we hosted "Voices Unheard, Stories Unfold," an inter-college slam poetry event celebrating diverse narratives.

March 27, 2025 – *Mehak*, our annual fest, featured conventional debates, extempore competitions, and open mic sessions, blending serious discourse with creative expression.

These initiatives reinforced Sage's commitment to critical thinking and creative dialogue while providing members with substantial platforms for growth and external representation.
